

**ITA TUNNELLING
AWARDS 2024**
10 YEARS ANNIVERSARY

in collaboration with

Società Italiana Gallerie
Italian Tunnelling Society

Get to know the Finalists

It is an honour and a privilege for the ITA to confirm and present the 25 finalists of the 2024 series of the ITA Tunnelling Awards. Shortlisted in seven different categories by the [Panel of Judges](#), the 25 finalists represent all sectors of underground infrastructure design, construction and management.

- **9 - Railway and metro projects**
Major projects that are transforming rail services into city centres and passing beneath high mountain ranges.
- **3 - Road projects**
One in the mega Projects of the Year and two in the renovation category, including renovation of an immersed tube highway project.
- **2 - Water management and CSO projects**
A mega project of major investment to prevent combined sewer overflows into one of the world's most iconic rivers and a stormwater pumping station and long sea outfall represent this vital sector of flood control and water conveyance.
- **8 - Beyond engineering, AI and equipment innovations**
These projects illustrate how cutting-edge technologies and project policies are being applied to improve design, construction and public use of underground infrastructure.
- **3 - Engineers of the future**
Young engineers making their way in the world of underground construction.

[The 25 finalists](#) will present their projects for roundtable discussions at the [ITA Awards Symposium](#) on Thursday 28 November 2024 in Genoa, Italy, followed on 29 November by the [Società Italiana Gallerie](#) annual conference and a technical site visit to the Terzo Valico dei Giovi highspeed railway project on Saturday 30 November.

The three-day celebration of underground civil engineering achievement is supported and sponsored by leading industry partners including [CREG](#) , [SIKA](#) , [HERRENKNECHT](#) , [UTT MAPEI](#)
